## Features

- Contoured cushion handles
- Patented protective cage around vent knob
- Priming feature
- Patented triple filtration (prevents pump failure caused by dirt)
- A non-oil based lubricant is used on all moving parts
- Built in pressure relief valve (prevents over pressurizing)
- Shatter proof reservoir
- Oversized check valves for smooth controlled operation
- 2 year "quibble free" warranty (includes dropping)

## Specifications

- 0 - 10,000 psi (700 Bar)
- Compatible with most hydraulic fluids, oils and water
- Connections (2 ports) 1/4 inch NPT / BSP
- Weight 3lbs
- Made in the USA

## Additional Information

The Magnum Pro Calibration Pump M-10 uses a patented fully adjustable stroke control to allow for fast priming or filling of test systems. This gives the operator the ability to switch as needed to a smaller stroke for easier pumping at high pressures.

## Options

### Model# M-10FW

Additional spare filters (3) and (2) spare rubber bonded washers.

### Model# M-10KT

Kit includes: A black padded canvas case embroidered in orange thread, 3ft high pressure hose, fittings, adaptors and (3) spare filters.

### Model# M-10CRY

Kit includes: A customized case, 3ft high pressure hose, fittings, Crystal® XP2i Digital Gauge, N.I.S.T. Cert., fittings, adaptors and (3) spare filters.

*Note: Kits, hoses and fittings can be customized upon request.*
