

"It's also the only calibration pump in the industry to be backed by a two-year "quibble free" warrantee".

*InTech Magazine*

Pat. Pending

**Magnum Pro**  
Calibration Pumps,  
MP-P & MP-V

*Magnum Pro* pumps have been vigorously tested in the lab, in the field and under the most extreme of conditions. For additional information or a distributor near you please contact

**516.746.3300 [www.easthillsinstruments.com](http://www.easthillsinstruments.com)**

147 East 2nd Street Mineola, NY 11501

## Features

- Delrin® plastic handle prevents body heat transfer
- Oversized check valves for smooth controlled operation
- Mash proof vent valve (No Needle Valve)
- A patented non-oil based lubricant is used on all moving parts
- Dual O-Rings on all pistons to ensure zero leakage
- 2 year "quibble free" warranty (includes dropping)

## Specifications

- MP-V 0-28"Hg (depends on barometric pressure)
- MP-P 0 to 100 psi (including and not limited to an inch of water)
- Connections (2 ports) 1/8 inch NPT
- Weight 1.5lbs
- 2ft hose and 1/4 inch fitting
- Made in the USA

## Additional Information

MP-P and MP-V have been in service for over 4 years and can now be found in over one third of all power plants. Both models "will out perform any manufactured pump in it's category".
